POPULAR ANNUAL FINANCIAL REPORT

Pension Trust Funds of the State of Minnesota

FOR THE FISCAL YEAR ENDED JUNE 30, 2025

DEAR MEMBERS AND STAKEHOLDERS

On behalf of the Minnesota Public Employees Retirement Association (PERA), it is our pleasure to present the *Popular Annual Financial Report (PAFR)* for the year ending June 30, 2025. The *PAFR* summarizes the performance and financial health of our plans. The financial condition of PERA improved during fiscal year 2025. PERA’s fiduciary net position increased over \$3.7 billion, or 8.5%, from \$43.6 billion as of June 30, 2024 to \$47.3 billion as of June 30, 2025. The increase was due to a strong investment rate of return of 10.9% in fiscal year 2025.

During fiscal year 2025, the PERA Board of Trustees supported a legislative opportunity to increase post-retirement annual increase amounts for members of the General Employees and Police & Fire Plans, effective in 2026. The General Employees Plan includes Coordinated and MERF members.

The new legislation provides a 1.75% benefit increase to most General Employees Plan recipients in January 2026. The legislative change improves the General Employees Plan annual increase formula from 50% of the Social Security Administration (SSA) increase, capped at 1.5%, to 100% of the SSA increase, capped at 1.75%. The formula will continue to apply in future years. The new legislation provides Police & Fire Plan recipients who started benefits on or before January 1, 2025 a 3% increase in 2026 and a 1% increase in 2027 and each year after. The waiting period to receive the first annual increase in the Police & Fire Plan was reduced by 12 months, from two years to one year.

In the General Employees Plan, benefit increases will be funded by a sufficiency from past member and employer contributions and savings from lower annual increases since 2010. In the Police & Fire Plan, benefit increases are funded by annual state aid appropriated by the legislature.

Table 1. Actuarial Valuation for Funding Purposes: PERA Defined Benefit Retirement Plans

Contribution Sufficiency or Deficiency by Year	General Employees Fund	Police & Fire Fund	Correctional Fund
Contribution Sufficiency (Deficiency), as of July 1, 2025	3.4%	1.4%	4.8%
Contribution Sufficiency (Deficiency), as of July 1, 2024	2.8%	1.5%	(1.9%)

Actual contributions in excess of recommended contributions.

The contribution sufficiency or deficiency is a comparison of actual contribution rates to actuarially determined contribution rates. The actuarially determined contribution rate is the rate determined by the actuary that is needed to achieve a 100% funding ratio for each plan by the legislature’s target amortization date. A contribution sufficiency generally means the plan is projected to be fully funded on or before that date. A deficiency generally means the plan is not projected to be fully funded by that date.

Table 1 above lists the contribution sufficiency or deficiency for July 1, 2025 and July 1, 2024 based on the use of the market value of assets. The changes in contribution sufficiency or deficiency between 2025 and 2024 reflect the positive investment return for each plan, the effect of new assumptions for the Police & Fire and Correctional Plans, and inclusion of the July 1, 2025 contribution rate increase in the Correctional Plan.

Sincerely,

Doug Anderson
Executive Director

ABOUT THE POPULAR ANNUAL FINANCIAL REPORT

The *Popular Annual Financial Report (PAFR)* is a summary of key measurements contained in PERA’s *Annual Comprehensive Financial Report (ACFR)*. Like the *ACFR*, the *PAFR* is consistent with generally-accepted accounting principles and guidelines established by the Governmental Accounting Standards Boards. Unlike the *ACFR*, the *PAFR* does not include information about PERA’s Public Employees Defined Contribution Plan or Statewide Volunteer Firefighter Plans. To find PERA’s *ACFR*, refer to [Annual Reports](#) on [mnpera.org](#).

ABOUT PERA’S GOVERNANCE STRUCTURE

PERA is governed by the PERA Board of Trustees. The board has 11 members. The state auditor is a member by statute. The governor appoints five trustees to represent cities, counties, school boards, retirees, and pension knowledge, respectively. The remaining five members are elected by PERA members; of those, three trustees represent active membership, one represents Police & Fire Plan members, and one represents benefit recipients. All elected and appointed board members serve four-year terms.
